

## INTRODUCTION

This Customer Service Guarantee (“CSG”) Standards is a Telecommunication Industry regulation that protects residential customers from poor telephone services. Service Providers must meet minimum service performance requirements and compensate customers when these are not met.

While Barefoot Telecom will endeavour to comply with the CSG time frames, we are only able to offer our bundled services at low prices with no lock in contracts if customers waive the various rights that are specified in the Telecommunications Act. You should also be fully aware that Barefoot Telecom is subject to constraints and limitations of our wholesale partners.
